

HSE Policy

We believe that nothing is more important than Health, Safety and Environment. Every person of the company is responsible to think about HSE before commencing any job.

- 1. No job will be performed that exert negative impact on HSE.**
- 2. A healthy people build a healthy society therefore all employee must maintain and care for their health.**
- 3. All employees must keep the environment free form pollution.**
- 4. All employee must cooperate to maintain the vehicles in such way that it must not pollutes the environment.**
- 5. All HSE policies must be implemented that improve the HSE of the company and play a dominant role in building a safe society.**
